Service Map
for Childhood Health & Education in Georgia

A guide for parents, caregivers & anyone working with children 0 to 21 years in Georgia
This map was created by the Georgia Department of Community Health (DCH), one of Georgia's four health agencies serving the state's growing population of almost 10 million people. Responsible for a $15 billion budget in State Fiscal Year 2017, the department is one of the largest agencies in Georgia state government.

Serving as the lead agency for Medicaid and also overseeing the State Health Benefit Plan (SHBP), Healthcare Facility Regulation and Health Information Technology in Georgia, DCH's programs provide access to health care services for one in four Georgians.

Through effective planning, purchasing and oversight, DCH provides access to affordable, quality health care to millions of Georgians, including some of the state's most vulnerable and underserved populations.

Five enterprise offices support the work of the agency's four programs, with more than 600 DCH employees based in Atlanta, Cordele and across the state.

Cordele, GA 31015-1443
How to use this map

We know how important raising a healthy and happy family is to you. But it’s not always easy.

This map was created to help you navigate the services offered in Georgia to support you and your family.

Answer the questions below to help you find which section of the map to read first.

Use the lists of national program websites and community-based resources and contact information to learn more.
Guiding Questions

1. How do I get health insurance for myself and my family?

2. Where do I go to get health care?

3. How do I plan for a healthy pregnancy?

4. What programs can help my family if we are low-income?

5. What kind of community resources can my family access?

While some programs and services are only available to low-income families, you may be surprised to learn what government assistance you and your family are eligible for. Visit the Georgia Gateway (gateway.ga.gov) to find out.
What does health insurance cover?

Whether you have state-funded or private health insurance, you and your family should have access to preventative, specialty, and dental care.

**Preventative Care:**
- immunizations
- exams
- screenings
- dental
- vision
- hearing

**Specialty Care:**
- Ears, nose & throat specialist
- audiologist
- ophthalmologist
- occupational, physical & speech therapy
- HIV care

**Dental Care:**
- exams
- x-rays
- cleanings
- fluoride
- fillings
- extractions
Finding adequate and affordable health insurance is one of the most important steps in caring for you and your family. Know where to go in your community to get health care, either with or without insurance.

**Getting health insurance**

Does your family have health insurance?

- Yes
  - Your insurance should cover what is listed under ‘What does health insurance cover?’

- No
  - Go online to [Georgia Gateway](https://gateway.ga.gov), the state’s Integrated Eligibility System to check your eligibility for Medicaid.
  - gateway.ga.gov
  - Are you eligible?

If you are eligible for Medicaid, you can receive health insurance subsidized by the state of Georgia from the following Medicaid Managed Care Programs:

- **Georgia Families**: If your income is lower than a certain threshold, you and your children qualify for Medicaid, which in our state is called Georgia Families.

- **PeachCare for Kids**: If your income is higher than the threshold to receive health insurance through Georgia Families, your children may still qualify for the State Child Health Insurance Program (SCHIP) which in our state is called PeachCare for Kids.

- **Right from the Start**: If you are pregnant, you may qualify for Medicaid through Right from the Start (even if you were not eligible for Medicaid before).

- **Planning for Healthy Babies**: If you are planning for pregnancy or planning not to become pregnant, you can access women’s health services at Planning for Healthy Babies.

- **Georgia Families 360°**: Children in foster care receive Medicaid through Georgia Families 360 provided by Amerigroup.

If you or your children qualify for one of the above programs, you can choose from four Care Management Organizations (CMOs): **Wellcare, Peach State, CareSource** or **Amerigroup**. Find a doctor or dentist in your network to get care.

**Getting health care**

Were you able to get health insurance?

- No
  - If you are still uninsured and cannot cover the costs of health care, there are options to access health care at subsidized rates on a sliding fee scale.

- Yes
  - You can access health care from the following providers:

    - **Federally Qualified Health Centers (FQHC) / Rural Health Centers (RHC)**: Urban and rural subsidized health clinics. Find you closest FQHC or RHC using the map found at this link: goo.gl/n8BeNJ

    - **County Health Departments**: The Georgia Department of Public Health (DPH) funds 18 public health districts, each comprised of one or more county health departments. There are many health care programs for infants and children available through these departments. To find the closest one to you, check out the District Health Office Directory: goo.gl/e4ZxvL

    - **Community Service Boards**: These are public agencies created by state law to provide mental health, developmental disability, and/or substance abuse services. Find your closest Community Service Board: dbhdd.georgia.gov/locations/community-service-board

    - **Wellcare**: 1-866-231-1821, [georgia.wellcare.com](https://georgia.wellcare.com)
    - **CareSource**: 1-855-202-0729, [caresource.com/georgia](https://caresource.com/georgia)
    - **Peach State**: 1-866-874-0633, [pshp.com](https://pshp.com)
    - **Amerigroup**: 1-800-249-0442, [amerigroup.com](https://amerigroup.com)
Having a healthy pregnancy is one of the best ways to promote a healthy birth. Getting early and regular prenatal care improves the chances of a healthy pregnancy.

Planning for a healthy pregnancy

Are you pregnant or think you might be?

No

Do you need help obtaining Family Planning?

Yes

Contact your local health department for family planning services provided on a sliding scale

Visit Georgia Gateway gateway.ga.gov to see if you qualify for

Visit

Georgia Gateway

gateway.ga.gov
to

see if you qualify for

Planning for Healthy Babies

A program that expands Medicaid for underinsured and uninsured Georgians who qualify for family planning services, and for women who give birth to a very low birthweight baby

No

Do you have health insurance?

Yes

Make an appointment with your doctor as soon as possible

No

Make an appointment with the prenatal clinic at your closest county health department or subsidized health clinic

Take prenatal vitamins and abstain from alcohol, drugs and tobacco

You may qualify for Medicaid now, even if you didn’t before.

See section 1: Getting Health Insurance and visit dph.georgia.gov/pregnancy-resources

Regular prenatal visits with your doctor are very important for moms-to-be!

1 visit a month 4 wks
1 visit every 2 weeks 28 wks
1 visit per week 36 wks
40 wks

Low-income family assistance

There are a number of programs that your family may qualify for depending on your household income that can assist with nutrition, child care, housing, medical services and more.

The Georgia Gateway (gateway.ga.gov) is an online portal that lets you see if you may qualify for:

- Help with buying food
- Help with buying prescription drugs
- Help with paying for child care
- Help with paying for health insurance
- Temporary Assistance for Needy Families (TANF)

Women, Infants & Children (WIC)

A supplemental Nutrition Program for: infants and children age 1 to 5 years (including foster children), pregnant women, breastfeeding mothers (up to 1 year) and postpartum women (up to 6 months)

Temporary Assistance for Needy Families (TANF)

A monthly cash assistance program with an employment services component for low-income families with children under age 18, and children age 18 attending school full-time.

Child Care and Parent Services (CAPS)

Subsidizes the cost of child care for eligible low-income families living in Georgia.

Supplemental Nutrition Assistance Program (SNAP)

A federally-funded program that provides monthly benefits to low-income households to help pay for the cost of food.

Medicaid (see section 1)

A joint federal and state program that helps with medical costs for some people with limited income and resources.

HOUSING, UTILITIES, etc.

Subsidized Housing (Section 8)

Center for Child and Human Development: guchd.georgetown.edu
Focuses on children, youth and families with special health care needs, behavioral health challenges and disabilities (including adults with disabilities).
RESOURCES

**Child Care and Parent Services (CAPS)**
caps.decal.ga.gov | 1-833-4GACAPS
CAPS provides access to high quality and affordable early learning environments for families considered low-income.

**Bright from the Start: Georgia Department of Early Care & Learning (DECAL)**
families.decal.ga.gov | 1-888-442-7735
Bright from the Start DECAL administers the Georgia’s Pre-K Program; licenses child care centers and home-based child care; administers the Child Care and Development Funds; and administers federal nutrition programs. It also houses the Head Start State Collaboration Office, distributes federal funding to enhance the quality and availability of child care, and works with Georgia child care resource and referral agencies and organizations throughout the state.

**Quality Rated**
qualityrated.decal.ga.gov | 1-855-800-7747
Quality Rated is a tiered quality rating and improvement system used to assess, improve, and communicate the level of quality in early and school-age care and education programs.

**Child Care Resources & Referral System (CCR&R)**
decal.ga.gov/CCS/CCRRSystem.aspx
CCRRS promotes quality early learning by supporting child care programs that are working towards a Quality Rated star rating.

**All GA Kids**
allgakids.org | 877-ALL-GA-KIDS
Georgia’s source for parents who are looking for quality child care throughout the state of Georgia.

**Ready4KGA**
words2reading.com/ready4kga | Text “GEORGIA” to 70138
Developed by educational researchers, Ready4KGA is an evidence-based text messaging program for parents of newborns, 1-, 2-, 3-, 4- and 5-year-olds provided at no cost that are customized for Georgia.
Early Head Start (EHS)
georgiaheadstart.org
404-929-2457 or 404-651-7425
EHS is a federally funded program that provides intensive comprehensive child development and family support services to low-income infants and toddlers (ages 0 to 3) and their families, and to pregnant women and their families. EHS is designed to nurture healthy attachments between parent and child (and child and caregiver). In Georgia, EHS is managed by local, non-profit community agencies. EHS programs include home- and/or center-based services, and family child care services as part of the EHS–Home Visiting program.

Head Start (HS)
georgiaheadstart.org
404-929-2457 or 404-651-7425
Head Start a federally-funded program for low-income children ages 3 to 5 managed by by local non-profit community action agencies.

Both EHS and HS provide high-quality health, oral health, mental health, nutrition services, developmental screening and verify that the child:

- has a medical home provider;
- has health insurance coverage;
- is up-to-date on a schedule of age appropriate preventive and primary medical and oral health care;
- has had evidence-based vision and hearing screenings;
- has received a nutritional needs assessment, including special dietary requirements, food allergies, and community nutrition issues;
- is receiving the necessary oral health preventive care, treatment and follow-up, including topical fluoride treatments;
- has access to any needed prescribed medications, aids or equipment for medical and oral health conditions (assistance provided to parents or caregivers).

Read about the eligibility requirements for EHS and HS online: eclkc.ohs.acf.hhs.gov
In Georgia, preschool-age children (ages 3 to 5) with disabilities receive special education and/or related services through their local school districts (Part C under the federal Individuals with Disabilities Education Act [IDEA]). For more information, contact your local school district.

Special education for school-age children is provided by local school districts in Georgia (Part B under the federal Individuals with Disabilities Education Act [IDEA]). The Division for Special Education Services and Supports includes programs that support local school districts in their efforts to provide special education and related services to students with disabilities. These services focus on enhancing student achievement and post-secondary outcomes through implementation of regional and statewide activities for students, families, educators, administrators, and other stakeholders. For more information on special education in your area, contact your local school district.

The Georgia Vocational Rehabilitation Agency operates five programs that help people with disabilities to become fully productive members of society by achieving independence and meaningful employment.

The Georgia Department of Behavioral Health and Developmental Disabilities provides treatment and support services to people with mental health challenges and substance use disorders, and assists individuals who live with intellectual and developmental disabilities.

For more resources, see the Mental Health & Crisis heading under section 5, Other Community-Based Resources and the National Websites page.
I am concerned about my child's health or development or my child has been referred by a doctor or other service provider.

Resources for Children with Special Needs

**Children 1st / Child Find**  
dph.georgia.gov/children1st | 404-657-2850  
for referrals: 855-707-8277

Children 1st is the entry point into all public health services for children, birth to 5 years old and facilitates early identification of at-risk children. Children 1st implements Child Find (a federal program) using screenings and evaluation to locate, identify, and refer all young children with disabilities as early as possible.

**Babies Can’t Wait**  
dph.georgia.gov/Babies-Cant-Wait

Babies Can’t Wait provides early identification and screening for children ages 0 to 36 months. It coordinates a comprehensive system of services by developing an Individual Family Service Plan (IFSP) based on the specific needs of the child and their family. The services designed are delivered in the child’s natural environment.

**Parent to Parent of Georgia (P2PGA)**  
p2pga.org | 1-800-229-2038

P2PGA offers a variety of services to Georgia families impacted by disabilities or special healthcare needs. It also manages the Babies Can’t Wait statewide directory of information and serves as the Parent Training Information Center for the southeast. Visit P2PGA’s Roadmap to Success portal for useful links, videos and other information: roadmap.p2pga.org

**Children’s Medical Services (CMS)**  
dph.georgia.gov/CMS | 800-300-9003

CMS works to ensure that there is a comprehensive system of quality specialty health care services available for children in low-income households with chronic medical conditions from birth to 21 years of age. Call the number above for a statewide directory of CMS programs.

**Georgia Advocacy Office**  
thegao.org | 800-537-2329

GAO is a federally-mandated protection and advocacy system for people labeled as disabled or mentally ill in Georgia.

**Georgia Tools for Life**  
gatfl.org | 404-894-0541

Georgia Tools for Life, Georgia’s Assistive Technology Act Program, is dedicated to increasing access and acquisition of assistive technology devices and services for Georgians of all ages and disabilities so they live, learn, work and play independently with greater freedom.

**Georgia Pediatric Program (GAPP)**  
healthforcega.com/georgia-pediatric-program-children

GAPP serves children who are medically fragile and in need of skilled nursing care. The program provides services either in-home or in a medical day care as an alternative to full-time skilled nursing facility care or hospital care.

**Comprehensive Supports Waiver Program (COMP) & New Options Waiver (NOW)**  
dch.georgia.gov/waivers

COMP and NOW are waiver programs that offer home- and community-based services for people with intellectual disabilities or developmental disabilities.

**Katie Beckett/TEFRA Medicaid Program**  
dch.georgia.gov/tefra | 678-248-7449

Katie Beckett provides benefits to certain children 18 years of age or less who qualify as disabled individuals and who live at home rather than in an institution, regardless of family income.

**Georgia Home Visiting Program**  
greatstartgeorgia.org | 1-855-707-8277

The Georgia Home Visiting Program provides voluntary, evidence-based home visiting services to at-risk pregnant women and parents with young children. The Maternal, Infant, and Early Childhood Home Visiting (MIECHV) Program (the program name on the federal level), provides voluntary, culturally-appropriate, individually-tailored supports to families in their homes, including providing information about children’s health and development, and support services.
This map was created by the Georgia Department of Community Health (DCH), one of Georgia’s four health agencies serving the state’s growing population of almost 10 million people. Responsible for a $15 billion budget in State Fiscal Year 2017, the department is one of the largest agencies in Georgia state government.

Serving as the lead agency for Medicaid and also overseeing the State Health Benefit Plan (SHBP), Healthcare Facility Regulation and Health Information Technology in Georgia, DCH’s programs provide access to health care services for one in four Georgians.

Through effective planning, purchasing and oversight, DCH provides access to affordable, quality health care to millions of Georgians, including some of the state’s most vulnerable and underserved populations.

Five enterprise offices support the work of the agency's four programs, with more than 600 DCH employees based in Atlanta, Cordele and across the state.
